NOTE:

The job aids provided in this folder are summaries of the General Authority of Civil Aviation Regulations (GACAR) that have been prepared to assist aviation personnel in better understanding the regulatory requirements that apply to their daily work. Although every effort has been made to ensure these summaries accurately reflect the regulatory requirements contained in the GACAR, users of these job aids are cautioned that the regulatory text in the GACAR prevails at all times. In the event of a conflict between the regulatory text and these job aids, the GACAR must be taken as official.
